

# Apple MLTI iPad Resource Connection

This is the second of a series designed to keep Apple MLTI educators informed of possibilities for enriching their use of Apple MLTI tools in their classrooms.

## Teaching App Development with Swift

[Teaching App Development with Swift](#) - iTunes U course - New materials, new program

A collection of lesson plans and resources to help teachers and students learn to program in Swift. Designed with the learner in mind, these materials are experiential in nature, making sure that learning is in context.

## Photos - Moving on from iPhoto - Work with Photos this summer!

Summer is the perfect time to capture lots of images of your family, your friends, your life. And also the perfect time to learn more about the new OS X app, Photos. We've all been so comfortable with iPhoto, but Photos brings in some new possibilities that you're going to want to know about. Start here, and then head to the web to learn more: <https://www.apple.com/ios/whats-new/photos/>

## Be a summer reader - Digital style!

[This collection of the Common Core Text Exemplars](#) is found in the iBook Store and has connections to many great pieces of literature. Here you'll find everything from A.A. Milne to Shakespeare to Bronte to P.D. Eastman ("Are you My Mother?"). So, when was the last time you read Burnett's "The Secret Garden" or Frederick Douglass' autobiography, or Chaucer's "Canterbury Tales?" Looking for something different? How about Alcott's "Little Women," or Kafka's "Metamorphosis..." Many of these books are available as free reads! Happy reading!
